Notice Concerning the Impact of the Earthquake

An earthquake with a seismic intensity of lower 6 occurred in northern Osaka Prefecture around 07:58 on June 18, 2018. Currently, among the assets that Kenedix Retail REIT Corporation (“KRR”) owns in Osaka and Hyogo Prefectures, there are a few reports on minor damage to interior and exterior wall tiles but no reports of casualties and significant damage that would have a major impact on the operating results of KRR.

KRR will disclose promptly if any cases of damage likely to have a major impact on KRR’s operating results are discovered.
